

To whom it may concern,

I am writing to inform you of what a great service K-Love is to our community. We enjoy listening to its positive message. It is not only inspirational but it is uplifting. In this day an age of negativity it is vital to have their wholesome message for ourselves, our youth and everyday living. Please do not allow this change to LPFM for the possibility that it will take priority over our current FM service. Thank you for your time. God Bless

Diana Elkins
